

STRADANOVA®

Elba and Crete Senesi Tour Itinerary

8 days – 7 nights

We will collect you from the airport/port when you arrive, and transport to the hotel in Florence. We will get some lunch (usually in the local 'vinaino'), then go for a ride together for an hour or two around nice Florence hills, to get used to the bikes. Each member of the group is asked to ride in front for a few minutes on this ride to get an idea of each individual's riding style and allow your guide to adapt to suit. We ask each group what they want from their holiday, whether they prefer more riding or sightseeing, what sort of speeds they like to ride at, how often they like to stop, if they would like to stop at picturesque points for photos etc. If the group would like a DVD or photos of their trip, we will introduce our videographer who will discuss what kind of footage to take.

Each day your guide will meet you at the agriturismo at around 9 am and will guide you on that day's ride over amazing roads. We stop every hour to hour and a half for a drink and at lunchtime to eat. We spend a few hours for visit and take in the major sights, then ride back over wild roads to the agriturismo. Most evenings we return to the agriturismo at around six, where you will have your dinner, and can sit and enjoy a drink.

On the last day we will take you back to the Airport.

Itinerary description.

This island is without comparison. The roads, at places unpaved, surround ancient iron mines (that have been known as far back as the era of the Etruscan) and provide a framework for the coves peppered around the island. The undulating coast, the perfume of the coastal shrubs, the beauty of the sea make the pleasure of these roads irresistible. The fresh fish is amazing too! We will be back to the land and continue to ride. Only few experiences can evoke the feeling that riding a motorcycle through these hills can. The richness of the art, the history and the food make Tuscany famous throughout the world. Our trip will lead us on and off dirt roads lined with cypress trees, vineyards, and taverns. Fabulous thermal baths will welcome us also - you can only imagine the pleasure after a beautiful ride!
